

Television Extension Swivels

- Designed to support large televisions with ease
- Sturdy support brackets provide an extraordinary degree of stability, even at maximum extension
- 16 inch square mounting plate with support rollers mounted underneath reduces unwanted rocking
- For best results we recommend a TV no larger than 30-32" diagonal and a maximum weight of 102 kg (225 lbs.) including mounting shelf

CB3620-258 TV – Accuride

- Bracket mounted, slide members rest on the cabinet
- 360° rotation
