INSTALLATION MANUAL

**Fireclay Dual Mount
Workstation Kitchen Sink**

KFDW1-33

Prior to Installation:

- Inspect the sink prior to installation to make sure the sink has not been damaged during shipping.
- Observe all plumbing and building codes according to your state requirements.
- Additional floor and wall preparation may be required to avoid damaging the sink.
- Make sure to purchase the correct cabinet for your kitchen sink. Base cabinets should be 3" larger than the actual size of the sink.
- Not recommended to be installed with laminate countertop.

The step-by-step guidelines in the installation instructions are a general reference for installing a Kraus Sink. Should there be any discrepancies, Kraus cannot be held liable. It is recommended to install all Kraus products by hiring a licensed professional.

Tools you will need:

Safety Goggles

Drill

Silicone Adhesive

Jig Saw

Acetone

Phillips Screwdriver

Tape Measure

Pencil

Screwdriver

Level

NOTE: Specialized tools may be necessary to install Kraus Fireclay sinks with countertop materials other than wood, marble or granite.

Dimensions

KFDW1-33
33 1/8" x 19 1/2" x 10"

Undermount Installation

1. Measure & Build Supports

- Build supports on inside of cabinet based on sink measurements

Installer Tip: Support options

- 1 1/4" Angle Irons
- (2) 2" x 4'
- 3/4" Plywood

NOTE: Due to the typical $\pm 3\text{mm}$ side wall variance in manufacturing, it is recommended that you design / modify the sink cabinet to match your clients individual sink(s) need.

2. Install Sink

- Place sink in opening. The weight of sink should be sustained by the built supports.
- Make sure sink is leveled from front to back and side to side
- Make sure the top of the sink is flush with the top of the cabinet
- Uses silicone to fill in gaps where necessary

3. Cut Countertop

- Kraus recommends providing the cabinet maker with the actual sink to be installed prior to the cabinet fabrication.
- It is recommended that the sink be installed with an approximately 1/8" positive reveal. It is further recommended that the installer(s) discuss this with the customer and agree that this finished appearance is the desired effect.

4. Install Countertop

- Use a bead of silicone (or preferred adhesive) around the rim of the sink. Check the alignment of the sink to the cutout in the countertop. Place countertop cutout hole over sink and press firmly.

Installer Tip: Use acetone or denatured alcohol to remove any excess sealant.

5. Installing Plumbing and Fixtures

- Connect drain, trap to drain and water supply connections to the faucet according to manufacturer's instruction.
- Run water into sink and check for leaks.
- **Note:** Before installation, please check that the drain kit complies with ASME A112.18.2/CSA B125.2 and with CUPC certification.

Top Mount Installation

1. Measure & Build Supports

- Build supports on inside of cabinet based on sink measurements
- The supports should be flush with the top of the cabinet

Installer Tip: Support options

- 1 1/4" Angle Irons
- (2) 2" x 4'
- 3/4" Plywood

NOTE: Due to the typical $\pm 3\text{mm}$ side wall variance in manufacturing, it is recommended that you design / modify the sink cabinet to match your clients individual sink(s) need.

2. Measure Sink Opening

- Using the measurements of the sink, mark the countertop where it needs to be cut.

NOTE: Make sure clearance is suitable for backsplash, faucet and plumbing for the sink.

3. Cut Countertop

- Cut the opening in the countertop by carefully following the traced line.

NOTE: Please use the appropriate saw that best fits your countertop material.

4. Apply Silicone or Plumber's Putty

- Clean and dry the surface around the opening of the sink.
- Turn the unit upside down to apply sealant. Apply silicone-based sealant (not included) underneath the edge of the sink.

5. Secure Sink to Countertop

- Insert the sink into the opening, check the alignment of the sink to the cutout in the countertop and press firmly.
- Remove excess silicone-based sealant.
- Allow sealant to set for 30-60 minutes.
- **Note:** Before installation, please check that the drain kit complies with ASME A112.18.2/CSA B125.2 and with CUPC certification.

Codes/Standards Applicable:

Fireclay Kitchen Sink Warranty

Kraus products are manufactured and tested to the highest quality standards by Kraus USA Inc. ("Kraus").

Kraus extends this warranty to the original purchaser for personal household use of the "Fireclay Kitchen Sink" in its original location. The warranty is non-transferable.

Kraus warrants the structure and finish of the product to be free from defects in material and workmanship under normal usage for a period of five (5) years. The warranty commences from the initial date of purchase by the owner or trade professional, from an authorized Kraus dealer, through the five (5) year term of the original owner or end-user.

Any product reported to the authorized dealer or to Kraus as being defective within the warranty period will be repaired or replaced with a product of equal value at the option of Kraus. This warranty extends to the original owner or end-user, and is not transferable to a subsequent owner.

Restrictions

This warranty does not cover antediluvian, discontinued, or display products, whether such items are purchased at discount outlets, unauthorized dealers, and/or sold on clearance.

This warranty does not cover instances of negligence, misuse, abuse, improper installation, carelessness, accident, hard water or mineral deposits, exposure to corrosive materials, misapplication, damages caused by improper maintenance, alteration of the product, or failure to follow care or installation instructions enclosed with your product. Avoid using abrasive cleaners such as powders, bleach, ammonia, alcohol, or chlorine. Avoid using abrasive pads, steel wool, or wire brushes, as these will damage and wear down the finish.

This warranty does not apply to Products that have not been installed or operated in accordance with instructions supplied by Kraus and all applicable rules, regulations, and legislation pertaining to such installations.

Kraus USA recommends that all Kraus products are installed by fully licensed and insured trade professionals with experience in the installation of bathroom and/or kitchen manufactured goods.

This warranty does not cover labor charges or costs of removal and reinstallation of said product. This warranty does not allow recovery of incidental or consequential damages, such as loss of use, delay, property damage, or other consequential damages, and Kraus accepts no liability for such damages.

This warranty does not cover Marine or Outdoor Installation.

This warranty does not cover any free gifts included with purchase.

Except as otherwise provided above, Kraus makes no warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose, or compliance with any code.

Shipping charges will be covered for the first (1) year of the warranted replacement part or product (HI, AK, and Puerto Rico shipping charges may apply). International shipping fees are not included.
